## NOW FOR A TEST VOTE

Peace Treaty Declaratory Resolutions Have the Right of Way.

### BACON'S WILL BE FIRST UP.

Senate Committee on Foreign Relations Decides No Longer to Oppose the Taking of a Vote Upon Any Treaty Amendments.

Washington, Feb. 1.—The senate committee on foreign relations discussed the various declaratory resolutions before the senate in connection with the peace treaty, and decided not longer to oppose the taking of a vote upon any of them. The first vote will come on the motion to refer the Bacon resolution to the committee, and this will not be opposed by members of the committee. The committee is confident that the result will be favorable to the motion to refer. The committee is also confident of disposing of all the other resolutions in accordance with their ideas. They count upon having all the resolutions, except that offered by Mr. Sullivan, voted down. They will not oppose the Sullivan measure, and it now looks as if it would be adopted.

The Sullivan resolution is as follows: "That the ratification of the pending treaty of peace with Spain shall in no wise determine the policy to be pursued by the United States in regard to the Philippines; nor shall it commit this government to a colonial policy; nor is it intended to embarrass the establishment of a stable, independent government by the people of those islands whenever conditions make such a proceeding hopeful of successful and desirable results."

In open session of the senate Mr. Lindsay (Ky.) offered the following resolution: "That the United States accept from Spain the cession of the Philippine islands, with the hope that the people of those islands may demonstrate their capacity to establish and maintain a stable government, and with no expectation or desire of permanently holding those islands as colonies."

Mr. Rawlins (Wyo.) made a constitutional argument in opposition to the annexation of the Philippines. An effort was made to secure consent to vote Thursday upon the Bacon and other resolutions, but Mr. Carter of Montana objected, unless the vote could take place after Mr. Spooner of Wisconsin addressed the senate. The senate then went into executive session to consider the peace treaty.

Senator Teller took the floor in support of ratification of the peace treaty. He replied to many of the objections to the treaty, and urged favorable action as the only wise and safe course for the country under existing circumstances.

**Bonds of Cuban Postal Employees.**  
Washington, Feb. 1.—The question has arisen at the postoffice department of the bond responsibilities of the postoffice clerks and all clerks in Cuba, all of whom are under bond to the postmaster of New York. It is pointed out that while the postal employees sent from the United States to inaugurate the postal service are civil officers, yet they collect funds which, it was stated, may be termed military revenues, and it is insisted, certainly not funds belonging to the United States proper. Under these circumstances the line of procedure against a possible defaulting employee is not clear.

**His Head Lopped Off.**  
Paris, Feb. 1.—Albert Peugnese, a youth who murdered a woman and boy, was guillotined here. The fact is notable as being the last execution which is to take place on the Place de la Roquette, the famous execution place of Paris. An immense crowd of people witnessed the beheading of the murderer, and there was much ribald rowdism. As Peugnese's head was being adjusted in the guillotine he shouted: "I will never confess! I will never confess!" Here the knife fell, and the sentence was never completed.

The officers sent to investigate the matter found the trunk of the dead man's body in the ashes of his cabin, but the head and limbs were missing, having been completely severed. The dead man recently came from Missouri, and was reported to have had a large sum of money at the time of the tragedy.

**Jack Frost's Chilling Breath.**

## ABANDON YE ALL HOPE

That Justice Will Be Done the Lone Prisoner of Devil's Isle.

### HIS FATE ALREADY SEALED.

An Onslaught of Unparalleled Violence on Jews Predicted as a Result of the Immoderate Agitation of Dreyfus Case.

Paris, Feb. 1.—The most ardent supporters of the theory that Dreyfus was unjustly condemned now admit that there is no longer the least hope that justice will be done.

A prominent member of the University of Paris, who from the first has been a militant champion of a revision of the trial, says:

"For 99 out of 100 Frenchmen, the guilt or innocence of Dreyfus is a matter of sentiment. All the reasoning in the world would not induce them to change their attitude. There are millions of Frenchmen who will insist upon Dreyfus' guilt in spite of any proof to the contrary. A terrible feature of the situation is that the attitude of this majority is dictated by motives which they believe to be deserving of the highest respect. I admit that some of the Dreyfusards are much to blame for this."

"The best cause may be ruined by disreputable adherents, and there are men on the Dreyfus side of whom every patriotic Frenchman is the natural enemy. While the majority of us have been merely demanding that justice should be done, a pestilential minority has made this demand an excuse for virulent onslaughts on institutions we hold in great esteem."

In conclusion the member of the university predicted that the result of the agitation will be an "onslaught of unparalleled violence on the Jews, as the masses are convinced that they are at the bottom of the whole trouble."

**Trolley Cars For Egypt.**

**To Investigate Railways.**  
Harrisburg, Feb. 1.—The first resolution introduced into the present legislature looking to the appointment of an investigating committee was read in the senate. In the resolution the assertion is made that the records of the treasury department do not show that fast freight lines comply with the revenue laws of the state, and that they do not pay taxes as required by law. It is provided that an investigating committee be appointed to inquire into this alleged abuse.

**Passenger Steamer Ashore.**  
Philadelphia, Feb. 1.—The steamer Rhyndland, from Liverpool for Philadelphia, went ashore four miles north of Fenwick's island life-saving station. The tug North America is close by the big steamer rendering assistance. The Rhyndland struck the beach during the prevalence of a heavy snowstorm. She is not leaking. Her propeller and rudder are thought to have been carried away. There are 42 passengers and a crew of 79 persons on board. All are well.

**Marvelous Isabella.**  
Colorado Springs, Colo., Feb. 1.—The volume of business now being transacted here is unprecedented. Excitement runs high, and the present year gives promise of being the most notable in the history of the Cripple Creek gold camp. The sales each day this week have amounted to about 2,000,000 shares. Late advices from the Isabella property fully confirm all of the reports sent out concerning the marvelous richness of the ore.

**Tobacco House Burned.**  
Providence, Ky., Feb. 1.—One of the largest tobacco houses in this section of the state, operated by Judge Givens, was destroyed by fire. To Relieve Choking.  
 (Washington Star.)  
 "Raising the left arm as high as you can will relieve choking much more rapidly than by being thumped in the back," explained a well-known resident of Georgetown to a Star reporter. "And it is well that every one should know it, for often a person gets choked while eating when there is no one near to thump him. Very frequently at meals and when they are at play children get choked while eating, and the customary manner of relieving them is to slap them sharply on the back. The effect of this is to set the obstruction free, so that it can be swallowed. The same thing can be brought about by raising the left hand of the child as high as possible, and the relief comes much more rapidly.

Horses Wanted!  
 Mr. Joe Kindig, of York, Ya., will be at Mose Daulton & Bro.'s stable, Maysville, Ky., on Monday, February 6, 1899, and will pay the highest market price for good, sound horses or mares from four to six years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

It is a great pity there are not a few more persons in Maysville who are as enthusiastic as the Commander of the Knights of St. John and his valiant comrades, as General Secretary Baker of the local Y. M. C. A., of the Maysville orchestra and the men and women who are working hard to make the entertainments for opening Washington Opera House work so smoothly as to have the audience think they are fine professionals. The young and beautiful girls who are helping in the tableaux are real patriots with no selfish germ which crops out in silly excess. These young maidens will reap an honest reward when the curtain removed displays not only physical loveliness but, another charm, posing for a worthy object, which bespangles them with jewels fairly dazzling. It is not showing partiality nor favoritism to individualize. While speaking sincerely there are few, if any, better workers, or more intelligent women or one more gracious and unselfish than Mrs. Randolph Madison, who is untiring in her labors, original in her methods and most zealous in accomplishing all those details which every well organized and successfully managed enterprise must have. She is indefatigable in her efforts, is using her artistic taste in arranging and has her ideas, and will personally supervise the productions Thursday night. It is well to speak of this lady, for Washington Fire Company now appreciate her and the public will, after Thursday, February 9th.

NOVEL PLAN.  
 Church Debt To Be Raised By Carrying Life Insurance Policies.  
 Rev. Father Brossart, of the Covington Diocese, has made arrangements for the loan of \$25,000 from an Eastern firm, which will be used in completing the new Cathedral in Covington.

The plan for raising the money is a novel one. A number of young people, between the ages of twenty-one and twenty-six, have taken out twenty year endowment life insurance policies, the church paying all premiums. If any of the policy holders die within twenty years, the insurance on their lives goes toward the payment of the church debt. If any outlive the twenty years, the endowment goes to the church. The church property stands as security for the payment of the premiums.

## **THE NEW CENTRAL.** **Elegant Improvements Just Completed** **Place It in the Front Rank of** **Kentucky Hotels.**

The enterprising and wide-awake business men composing the Central Hotel Company determined when they purchased the building a year or two ago to give Maysville a hotel that would not only prove a credit to the city, but would rank among the very best in the State. To this end they made substantial alterations, improvements and additions some time since that largely increased the facilities and conveniences of the hotel, and now they are just completing additional changes and improvements, making it thoroughly modern and up-to-date in all of its appointments. The building is now heated throughout by steam, making it an easy matter to keep the rooms, hallways and every portion of the house at a comfortable and even temperature at all times. The bedrooms and parlors have been re-papered, re-painted and re-furnished and new carpets have been put down. The handsomest and most noticeable improvement lately made, however, is in the office. In order to modernize it and to have it in keeping with the elegant appointments of the rest of the hotel, the office has been completely overhauled. A handsome tiling floor has been put down, a steel ceiling of new and pretty design put on, the narrow doorways leading to the parlors and dining hall have been cut out and large arched entrances substituted. The front entrance to the office has also been provided with new doors and large windows of plate glass, the tiling floor has been extended to the saloon in rear of office, an elevator is being put in at the rear end of the hallway and every floor has been provided with toilet rooms and hot and cold water. In addition to this the company has contracted for its own electric light outfit. These improvements make the New Central up-to-date in all of its appointments, and Mine Host Daugherty can always be relied upon to see that the tables are provided with the best the markets afford, the cuisine being equal to that of any hotel in the State. Since the new company secured the hotel they have spent \$18,000 in modernizing, enlarging and improving it, and the proprietors are certainly deserving of the large and increasing patronage the New Central is enjoying. These substantial improvements are all the work of home labor. Mr. I. M. Lane was the contractor for the carpentry and steel work, Messrs. A. D. Flora & Co. for the tiling floor, Mr. George H. Traxel for the steam heating and Mr. Lee Hauke and Messrs. Shafer & Davis for the painting and papering.

LUCKY JIM.  
 An Indiana Paper Tells of Colonel Scudder's Latest Prize.  
 (Terre Haute Express.)  
 Our Jim—lucky Jim—Mr. James Scudder—traveling salesman, large stockholder in the "Little Jessie" gold mine of Colorado, manufacturer of the justly celebrated "Scudder's syrup" for table use—in fact the original and only "Jim of Kentucky, sah," is about to engage in another business venture in which he will be the active spirit. It is not known if he intends to confine the business to himself or make a stock enterprise of it. It all came about in this way, and is but another illustration of Jim's wonderful luck, for he nearly always gets a prize. A customer in a small town Jim visits "ruffed off" a pony, and Jim took a chance, the chance winning this thoroughly masculine pony with a pedigree running away back to, or before the time they had any colons in Kentucky. Now it may easily be inferred that Jim realized the "value of his find" from a speculative point of view. Terms for season of 1899 can be learned by addressing "Hon. James H. Scudder, Terre Haute, Ind."

DANVILLE Advocate: "Mr. Mayer, of the firm of Seasongood & Mayer, Cincinnati, came to Danville Saturday to meet the Fiscal Court and the turnpike bonds were delivered to him. Mr. Mayer gave the court a certified check for \$47,358. This sum included the principal, the premium, and \$71.58 accrued interest on the purchase money from the date of the sale. Boyle County is the only county which picked up this small matter of interest between the date of sale and delivery of the bonds, getting enough in this way to pay the printing bill."

### FOR THE SOLDIER BOYS.

Books and Magazines Left at J. James Wood & Son's Drug Store Will Be Promptly Forwarded to Capt. Nat Phister.

Messrs. J. James Wood & Son, the druggists, have kindly volunteered to receive and forward any old novels, magazines and other books the people of this city and surrounding country may wish to send to Captain Nat P. Phister's regiment of the regular army, now stationed at Pinar del Rio, Cuba.

The books and magazines should be left at the drug store not later than February 8th, and they will then be packed and sent to Captain Phister, the government having secured free transportation from Cincinnati. The C. and O. will probably carry the books free from Maysville to Cincinnati.

This is a most worthy cause, and there are hundreds of old novels and magazines in this city, which if forwarded, will provide the soldiers with some wholesome entertainment to relieve the dull monotony of garrison life in Cuba.

If you wish to contribute to this cause leave the books and other periodicals at the drug store not later than February 8.

### WON'T SUE FOR DAMAGES,

Not This Time, at Any Rate—Will Probably Be Too Busy Elsewhere.

Policeman Wallace went to Ripley Wednesday, arrested Ben Hartwell and brought him up and jailed him on a charge of stealing money from a desk at Wharfmaster Phister's office on the wharfboat.

Capt. Phister has been missing money for some time, and laid a trap some days ago for the thief. Monday about \$10 was taken, and Ben, who was employed on the Courier, was suspected and was arrested. When searched none of the money was found. Captain Phister refused to prosecute under the circumstances, and Hartwell was released. He made a grand bluff and threatened to sue Mr. Phister for \$10,000 damages.

The day after the theft, when the firm of J. James Wood & Son sent their deposit to bank a counterfeit \$2 bill was discovered in the cash. Investigation was put on foot and the bill was traced back to a Mrs. Scott, colored, who lives in this city, and who had given the bill in payment of rent. Mrs. Scott is the chambermaid on the Courier. The counterfeit was one of the bills Mr. Phister had marked and which was taken Monday. Policeman Wallace soon recovered a genuine \$1 bill Mr. Phister had marked. Mrs. Scott had paid a coal account with this bill.

When these facts were presented to

the woman she confessed that Hartwell had given her the money. His arrest followed.

Captain Phister had kept the numbers and marks of the bills and the evidence seems conclusive that the guilty party is in custody.

## Another Deluge of Clothing.

My fire sale of Clothing, Hats, Shoes, Shirts, etc., has done so well, not only for the people who bought the goods at less than half value, but also for me, enabling me to sell much more Clothing than is usually sold at this season, that I have, figuratively speaking, turned the hose on several thousand dollars' worth of our very best goods and sent them to my Sutton street store to be sold at same prices as the stock damaged in the late fire. The chief reason for this is that I need the room in our Second street store for our immense spring purchase which is beginning to arrive. Another reason is that whenever we are able to do our customers good we want them to take advantage of it.

Our fall trade has been so satisfactory that what goods we carry over we are willing to sell without considering the cost. We want to make a clean sweep of our heavy weights. It is for you to decide to take advantage of this closing out sale or not. It certainly will cost you nothing to see what we offer you and at what price.

## TOBACCO GROWERS.

### Statement of the Cincinnati Warehouse Company as to the Concessions Granted—Meeting Next Monday.

The following is self-explanatory:

CINCINNATI, Jan. 10, 1899.  
The Tobacco Growers' League of Kentucky—Lexington, Ky.—Gentlemen: Complying with your request we hereby reiterate the agreement we had with you, with reference to warehouse charges on tobacco to be shipped by members of your league and other matters. Our understanding of the same is as follows:

First—We agree with you that the present custom of writing the packer's or owner's name on the sample tag is a useless practice which should be abandoned, and that we will employ our best efforts to have it abandoned. We are told by representatives of several manufacturers that they will not insist on the continuance of this custom, and that it might be arranged between the warehouses of Cincinnati and Louisville. The Louisville warehouses have so far, through their representatives, declined to agree with us in the matter, but we will certainly try to have it adjusted in our own market.

Second—We agree to make the regular warehouse charges on all tobacco consigned to us by members of your league and to rebate therefrom \$1.50 per hoghead, provided the tobacco comes to us before we have made any advancements thereon; and if advancements are required after the tobacco has been received in our warehouses, we will make the same to an extent, reasonably safe, at a charge of 6 per cent. per annum, and still rebate the \$1.50 per hhd.

In making these concessions to members of your league, we will require from them a certificate or other proof of membership. Very respectfully,

Cincinnati Leaf Tobacco Warehouse Co.,

Per H. H. Hoffman, President.

E. Fussbipfel, Secretary.  
Composed of the following warehouses, namely The Bodman, The Globe, The Cincinnati-Miami, The Morris.

The Mason County League of Growers will meet in this city next Monday, February 6th, at 1:30 p. m. at the court house to take necessary action to become members of the State League, so as to get the benefit of the above concessions. Let all farmers interested be present.
